

**With over 15,500 students, four departments with more than 270 professors and more than 1,000 employees in teaching, research and central service units, Frankfurt University of Applied Sciences is one of the largest universities of applied sciences in Germany. "Opportunities through education" is our living motto. Practical relevance, interdisciplinary education, international orientation and regional integration characterize our profile. Diversity and social responsibility are our values. We are sustainable in all dimensions. Excellent quality in teaching and research is our aspiration.**

**We are looking to fill the following position in Faculty 1: Architecture • Civil Engineering • Geomatic beginning summer semester 2024**

## Professor (W2 salary scale HBesG, Hessian Federal Civil Service Remuneration Act)

in the following subject area:

**Entrepreneurship in the construction business**

Job advertisement number P32/2023

The position holder represents the subject area "Entrepreneurship in the construction business" in the Bachelor's and Master's degree programs of the Faculty of Architecture - Civil Engineering - Geomatics.

The main focus of the teaching activities is the construction and implementation of courses for the teaching of entrepreneurial competencies, leadership skills and scientific working techniques, including organizational, business management and legal issues in the context of planning, construction and operation of buildings or infrastructures.

Special emphasis is placed on the development and implementation of innovative and interdisciplinary teaching and learning concepts. We also emphasize close integration into the research activities of the department.

Furthermore, we expect you to have excellent scientific and practical credentials and a degree in architecture, civil engineering or a related field of study, or in economics or law.

Your competencies in the mentioned areas of teaching should be demonstrated by several years of relevant professional experience in management and/or business development in the construction business. Ideally, you also have professional experience in the field of process and project management, and you are open towards interdisciplinary tasks. You are highly motivated to support and encourage our students, in their diversity, in their professional and personal development.

You will be asked to submit a teaching concept for your designated teaching areas as soon as you are invited for an interview.

Further information can be obtained by e-mail from Prof. Carolin Seegmüller,  
[carolin.seegmueller@fb1.fra-uas.de](mailto:carolin.seegmueller@fb1.fra-uas.de).

This is a permanent position. The first appointment as a professor is as a public-service employee on probation or with an unlimited employment contract with a 3-year long probation period. Further official duties and requirements are listed under §§ 67-69, 75 and 76 of the Hessian Higher Education Act, found in [www.hmwk.hessen.de](http://www.hmwk.hessen.de) (only available in German).

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity. Preference will be given to severely disabled applicants if they can provide equal qualifications. Being certified as a "Family-friendly university", the university will take your individual family situation into account when organizing your working hours.

Applications with the usual informative documents (incl. list of publications, projects, description of previous teaching and research activities) are requested by **November 12, 2023** stating the reference number, via e-mail to [info-prof@hr.fra-uas.de](mailto:info-prof@hr.fra-uas.de). Please send all documents in one PDF file, addressed as follows:
