

Frankfurt Air Cargo Exchange

3.9.2024

Frankfurt Air Cargo Exchange is intended to be the forum for academics in air cargo. The importance of research in air cargo is increasing with the challenges in the market, including a push for digitalization, workforce demographics, political instability, sustainability objectives and many others.

We invite presentations in the domain of air cargo across the entire spectrum of potential methodologies. Frankfurt ACX fosters the active exchange and networking among (junior) researchers via active discussion.

There are two presentation formats:

- Full presentation including feedback from a discussant: Please submit an extended abstract of about 750 words. The abstract should state the objective of the research and its contribution, methodology, and initial results. Participants are requested to submit a draft version of their paper two weeks prior to the colloquium to allow for a discussant to comment on their presentation.
- Research pitch: Please submit an extended abstract of about 400 words. It should state the objective of the research, expected contribution and initial results. This format is intended to introduce early-phase research and discuss it with the audience.

Frankfurt ACX cordially invites industry experts to join the academic discussions at the workshop. We will close the day with a panel session of industry experts in air cargo to mirror the academic presentation with industry spotlights.

Timeline

- Abstract submission deadline: July 22, 2024
- Notification of participants: July 30, 2024
- Registration deadline: August 15, 2024
- Submission of working papers for full presentations: August 20, 2024

Please submit abstracts and working papers by e-mail to anne.lange@fb3.fra-uas.de

Date and Location

- 3.9.2024, 13:00 to 19:30 (followed by dinner at your own expense)
- House of Logistics and Mobility (HOLM), Bessie-Coleman-Str. 7, Frankfurt am Main.
The area is known as Gateway Gardens and located close to Frankfurt Airport. Ample hotels of all price ranges can be found within walking distance.

Participation in Frankfurt Air Cargo Exchange is free of charge, but registration is required for organizational purposes. Frankfurt ACX is organized by the Institute for Aviation & Tourism at Frankfurt University of Applied Sciences in collaboration with GARS, the German Aviation Research Society.

Frankfurt ACX will be followed by the Air Cargo Conference 2024 organized by Air Cargo Community Frankfurt e.V., taking place in Frankfurt on September 4-5. The Air Cargo Conference requires an independent registration. Please find detailed information here:
